Subject Enquiry for 修訂《進出口(一般)規例》

Urgent Return receipt Sign Encrypt

Dear Sir/Madam,

We are an international food testing laboratory and helping some infant formula manufacturer in HK to testing their products.

Since there are some type of their cannot conduct in HK, so we transfer the samples to our sister laboratory in Europe, USA and China for testing.

We are very concern about this new amendment of 《進出口(一般)規例》.

The delivery of the infant formula to oversea is only for testing purpose and will destroy after testing.

We are now raising the above viewpoint to your department for giving an exception for our case to send sample to oversea.

Thanks

Please feel free to contact me if you need any further information.

Best Regards,
